# KIRTHANA P

Email: kirthikirthana14@gmail.com | Phone: +91 9789581789 | LinkedIn: linkedin.com/in/kirthana-p-4282b9304

Aspiring Data Scientist with hands-on experience in data analysis, machine learning, and visualization. Skilled in Python and passionate about learning and applying AI-driven solutions.

## WORK EXPERIENCE

**Digifox Studio** — Software & Immersive Developer | May 2026 – Present
- Developing immersive simulation systems, interactive applications, and real-time backend integrations.
- Designing data-driven interfaces and intelligent systems tailored for user engagement and precision.

## PROJECTS

**Immersive CPR Training System:**
- Tools & Technologies: Unity 3D, C#, 3D Models, Animations.
- Developed an interactive CPR training simulation with realistic scenarios and user interactions.
- Implemented C# scripting for training logic, timed CPR sequences, and real-time performance feedback.

**Credit Rating Classification:**
- Tools & Technologies: Python, Pandas, scikit-learn (Logistic Regression, Random Forest), XGBoost, SMOTE.
- Used German Credit dataset to predict customer creditworthiness; addressed class imbalance using SMOTE.
- Applied Logistic Regression, Random Forest, and XGBoost models. Best accuracy achieved: ~84% with ROC-AUC evaluation.

**Fraud Detection:**
- Tools & Technologies: Python, Pandas, scikit-learn, Logistic Regression.
- Built logistic regression model to detect fraudulent transactions.
- Performed EDA and applied feature encoding techniques. Evaluated performance using confusion matrix, precision, recall, and F1-score.

## EDUCATION

**B.E. Computer Science and Engineering** — CK College of Engineering and Technology | CGPA: 7.93 [ 2021 – 2025 ]
**Higher Secondary (12th Grade)** — Government Girls Higher Secondary School | Percentage: 85% [ 2020 – 2021 ]
**Secondary School (10th Grade)** — Government Girls Higher Secondary School | Percentage: 84% [ 2018 – 2019 ]

## INTERNSHIPS

- Completed 6 months internship at Netzwerk academy about data science.
- Completed a 1-month internship at Cavin InfoTech about Unity Development.
- Completed a 14-day internship in Syscorp Technologies about WebSite Development.
- Completed internship on BlockChain Technology & 1-month internship at Fintech Point about Front end Development.

## TECHNICAL SKILLS

- Languages & Cloud: Python, Java, SQL, AWS.
- Tools & Libraries: Power BI, Tableau, MS Excel, NumPy, Pandas, Scikit-learn, Matplotlib, Seaborn.
- Reporting & Version Control: PowerPoint, Tableau Storyboards, Google Slides, Git, GitHub.

## SOFT SKILLS

- Problem solving | Adaptability | Time management
